

ABBY & ROBBIE LESSLIE  
Cumulus  
Architecture + Design

"The inspiration for the Savanna's design came very simply from thinking of it as if it were our own. We wanted to create a main living space that could expand to entertain many people while still feeling manageable if it were just the two of us. Tall ceilings with plenty of glass, allowing light to fill the interior, were also a must. Operating the glass allows the inhabitant to channel breezes that are excellent at this site."

# SAVANNA
